You know what's wrong with the world? Too many assholes & not enough ways to get even! If your boss is bearing down or your next door neighbor's annoying, whatcha gonna do? If you retaliate, it could cost you your job or land you in jail. Now there's a safe, effective way for you to get even without putting yourself in any danger. It's called "gaslighting," & it's guaranteed to turn your target's life upside down. "Gaslighting" means to drive someone crazy. It comes from the 1944 film Gaslight, in which a husband convinces his wife she's losing her mind. Gaslighting is the most potent form of psychological warfare you can use without a license. In Gaslighting: How To Drive Your Enemies Crazy, Victor Santoro (The "Godfather of Harassment") shows you how to destroy your target's confidence, self-esteem & reputation. Through a series of small incidents, your target gets progressively more confused, until he's "reduced to a shapeless mass of shivering, quivering jelly." Some of the tactics covered include: Collecting information on your target Preparing for a gaslighting attack Creating tension, anxiety & sleeplessness Messing with your target's car, telephone & mail Gaslighting at your target's workplace & home Turning neighbors & co-workers against the target Covering your tracks And much more. Gaslighting will show you how to cause disorientation, get your target off balance, & build up his paranoia. Finally, you completely annihilate his reputation, leading to personal disasters such as job loss, divorce, financial devastation - even jail. If you've been mistreated, you don't have to take it & you don't have to fight back. There is a third route - Gaslighting - WHERE YOU WATCH AS YOUR ENEMY SLOWLY SCREWS HIMSELF! Sold for entertainment purposes only.
